

The Book of Job King James Bible

**The Book of Job, memorably conceived of by C G Jung as the story of one man's struggle to make conscious the undifferentiated contents of the unconscious, is in its own terms an intensive study of the age old problem of undeserved suffering at the hands of an all-wise, all-good, all-powerful God. Seen by some as a prefiguration of the crucifixion and ultimate resurrection of Jesus Christ, it is for all of us the intensely poetic story of a soul in pain, reaching out for its final redemption. -**

**Summary by Tony Addison**

**Read by {Tony Addison. Total running time: 2:07:52**
